**CALUMET BAKING POWDER**

Finally—what a difference in the taste. There is a deliciousness, a goodness that can be had in no other manner. Biscuits, pies, cakes, muffins, doughnuts—never were so tasty—so all satisfying.

And then there is the satisfaction of knowing that Calumet is made in the World's largest, best equipped and cleanest Baking Powder Factories.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Biscuit Recipe  
4 cups of sifted pastry flour, 4 level teaspoons Calumet Baking Powder, 1 level teaspoon of salt, 8 rounding tablespoons of butter or lard, 1/2 cup of milk, 1/4 cup of water. Then mix in the regular way.
